CONFIDENTIAL

25X1 4. [redacted] Met with Mr. Michaels, House Appropriations Committee staff, who advised that Chairman Mahon has not yet set a time for meeting with the Director. I will check with him further on this tomorrow.

25X1 5. [redacted] In Mr. Sourwine's absence, I left with his secretary testimony of State Department witnesses before the Internal Security Subcommittee involving the Agency. Security deletions have been made.

Advised Frank Schroeder, of the Subcommittee staff, that in connection with Mr. Sourwine's query on [redacted] I wanted to advise him that on the basis of a prior request from House Committee on Un-American Activities we had been working with that Committee with a view to making 25X1 [redacted] available to HCUA in executive session.

25X1 6. [redacted] Met with William Darden, Senate Armed Services Committee staff, to clear up several follow ups from the briefing on Friday. I also explained to Darden the reason for Mr. McCone's letter to Senator Russell (see Journal of 9 June) pointing out that he was a new man in this assignment. Darden understood completely and said he was responding with a routine acknowledgement.
